Applicants reserve the right to contend, where appropriate, that a reference asserted against any claim of the present application is not prior art under the facts and the law.

Applicants also reserve the right to present appropriate arguments and/or evidence to establish patentability over the references, should one or more of the references be applied against the claims of the present application.

This Information Disclosure Statement is being submitted prior to issuance of a first Office Action on the merits. Therefore, no fee is due for the submission of this Information Disclosure Statement.

Applicants respectfully request that the Examiner independently determine those items the Examiner would consider the most pertinent of all the references cited herein.

It is respectfully requested that these references be considered and made of record.

Respectfully submitted,
